Coordination of Supervised Visitation and Exchange Program of the 45th Judicial Court

The Supervised Visitation Program was developed to provide supervised visitation for domestic relations cases and juvenile court cases. It is the plan of this program to supervise visitation for 8 families per week for 1 - 3 hours weekly in Pike and Lincoln Counties. This program was developed through the collaborative efforts of Family Circle Therapeutic Services and the Judiciary of the 45th Judicial Circuit. Domestic Relations cases require a co-pay amount of \$15.00 per hour. Juvenile Court cases involving foster children are funded solely through grants received for this program. To date, the program has received grant funds through the Missouri Office of State Court Administrator as well as the Lincoln County Resource Board. Funding is also sought through donations by service organizations. Future efforts for funding the program will include fundraisers within the communities. It should be noted that funding from the Lincoln County Resource Board is utilized solely for Lincoln County Cases.

The Supervised Exchange Program has been developed to provide a neutral, supervised setting in both Troy, Missouri and Bowling Green, Missouri for custody exchange between parents.
